Hi Mike

Good timing, I was just communicating with Sue about a meeting today. I'm trying to reschedule a meeting I cancelled with Sue and Cassandra just to get me caught up on BDCP. It seems there has been a lot of new discussion on BDCP and what it might look like from the alternatives you outline below to the Governor's state of the state speech.

As for monthly meetings, I'd like to get back to you Friday or Monday. You may have heard that Karen Schwinn and Bruce Herbold have already or are soon retiring from EPA. The remainder of the EPA Bay Delta Team is meeting on Thursday to discuss what we can accomplish and how to best manage our 1.3 FTE. That could bump up to 1.8 FTE and maybe further with some additional support arriving in 12 - 24 months in the most hopeful scenario.

We will try to have someone on the Nawi call on Thursday.

Thanks,

Erin

Hi All,

I was going to suggest at the NAWI meeting that EPA would also like to be at the Corps-DWR meetings.

Do we want to set up bi-weekly or monthly Corps/EPA meetings on BDCP?

It seems like there are a bunch of "alternatives" to the BDCP around (Western Intakes, Delta Economic Sustainability plan and NRDC portfolio plan) and so far we haven't seen anything of substance on any of them (and I believe we've seen nothing on the Delta Economic Sustainability Plan). Have you gotten any more details of them? Have you heard if they are going to be analyzed in the EIS, Admin or Public?

I was also thinking we should schedule a meeting to discuss our agency's (Corps and EPA) comments on the EIS, perhaps like the afternoon of Feb 25 or 26?

Thanks
